II ABOUT ME

Strategic UX/UI Designer (Product Designer) with 9+ years of professionally UX/UI experience, complemented by an additional 2.8 years of early-career experience in graphic and motion design. I combine rigorous research, refined aesthetics, and cross-domain expertise to simplify complexity and solve challenging business problems. I have a demonstrated track record of quickly mastering new domains and delivering high-impact design solutions across diverse, highly regulated, and technically complex environments.

Deep Domain Expertise (9+ Industries): Human Resource, Facility Management, Education, IoT Cloud Solutions, SaaS, Healthcare/Medical, Warehouse Management, E-commerce, Off-road, Hospitality, Education Technology etc.,

II PROFESSIONAL HISTORY

- Sr. UI/UX Designer @ Amazecodes Solutions Pvt Ltd**
Feb 2020 to Current
 - Led end-to-end UX design for enterprise and regulated software across 9+ domains, from discovery to delivery.
 - Partnered with product, engineering, and stakeholders to convert complex requirements into scalable flows, interfaces, and prototypes.
 - Supported internal visual standards and product branding.
- UX Designer @ IDS NEXT Business Solutions Pvt Ltd**
Jun 2017 to Dec 2019
 - Designed new digital products and features based on user needs, business goals, and evolving technology requirements.
